

SANTHOSH KUMAR S

+91 63795 40430 | santhoshkumar37937@gmail.com | [LinkedIn](#) | [GitHub](#) | Madurai, India

Computer Science undergraduate (UG '27) with production experience in full-stack development, Firebase cloud systems, and AI API integration. Multiple hackathon prize-winner with a track record of shipping real-world applications under tight deadlines.

TECHNICAL SKILLS

Languages:	Python, JavaScript, Java, C++
Frontend / Backend:	React.js, Node.js, HTML5, CSS3, REST APIs, MongoDB
AI & Tools:	LLM Integration, Query Classification
Design:	Figma — UI/UX Design (Wireframing, Prototyping, Design-to-Code)

EXPERIENCE

Web Development Intern · Apex Tech

Mentor: Sanjay Harish, CEO · Madurai, India

- Engineered a production-grade React + Firebase Internship Management Dashboard with role-based auth (Admin/Intern), automated attendance tracking, daily submission monitoring, and GitHub link verification — cutting manual admin effort by ~70%.
- Delivered live deployment, GitHub repo, and full technical documentation ahead of deadline, meeting all company requirements.

PROJECTS

TruthLens — AI Fake Content Detector

React.js · LLM Integration · REST APIs · github.com/Psnastudent/Fakenews

- Built a multi-modal fake-content detection app to analyze Text, URLs, Video, Audio, and YouTube with real-time confidence scoring and verified source links.

OrbitXOS — Satellite Operations Platform · SDG 2nd Prize, HackFest 2K26

React.js · Python (sgp4) · REST APIs · 36-hr Hackathon · github.com/Psnastudent/sgp4-service

- Architected a real-time satellite monitoring platform integrating SGP4 orbital mechanics microservice and gesture-controlled holographic interface; won SDG 2nd Prize among 50+ teams.

OD Management System

React.js · Node.js · MongoDB · github.com/Psnastudent/OD-management

- Full-stack On-Duty portal with role-based auth for Students, Faculty, and Admin, replacing paper-based OD processing with real-time database-backed workflows.

AI-Powered Rail Madad · 3rd Prize, PSNA Idea Fest

React.js · AI/ML Query Classification

- Grievance redressal system for Indian Railways with AI/ML query classification and automated response routing, winning 3rd Prize among 30+ teams.

EDUCATION

B.E. Computer Science & Engineering · PSNA College of Engineering & Technology, Dindigul

Jan 2023 – Jan 2027

Tamil Nadu, India · CGPA: 7.6 / 10.0

Senior Secondary (XII) Science · Sethupati Higher Secondary School, Madurai · TNBSE

Jan 2023

87.5%

ACHIEVEMENTS & CERTIFICATIONS

- 2nd Prize — Wibeflowthon 24-Hr Hackathon, Rathinam Group of Institutions (Team ZEN ORBIT)
- MongoDB Database Foundations — MongoDB University (Jun 2024)
- Figma — Exploring Design, Figma (May 2024)
